RACIAL AND GENDER INEQUITIES IN UNDERGRADUATE TEACHING
Findings and Concerns

Thomas F. Nelson Laird          Allison M. BrckaLorenz
Indiana University Center for Postsecondary Research

First Some Background
- Reinvigorating undergraduate education a national priority
- Faculty/instructors at the center
- What faculty do matters
- And...

Fostering Collaborative Learning
Encouraging High-Impact Practices
Emphasizing Personal & Social Responsibility
Using Active Classroom Practices
Emerphasizing Integrative/Deep Learning
Including Diversity
Teaching with Clarity
Interacting with Students
Scholarship of Teaching & Learning

FSSE and What We Know
- Faculty Survey of Student Engagement
- Our work (along with others) have some consistent findings
  - Disciplinary differences are large
  - Teaching context matters (e.g., course level, size)
  - Faculty background characteristics matter
    - Particularly gender and race

Examples
High-Impact Practices

- Experiences that...
  - require an investment of time and energy over an extended period
  - result in greater engagement and learning

FSSE and HIPs

- Measure of valuing HIPs (6 items)
  How important is it to you that undergraduates at your institution do the following?
  - Practicum, internship, field experience...
  - Community service or volunteer work
  - Participation in a learning community...
  - Work on a research project with a faculty member...
  - Study abroad
  - Culminating senior experience

Valuing High-Impact Practices

<table>
<thead>
<tr>
<th>How important is it to you that undergraduates at your institution do the following?</th>
<th>Men</th>
<th>Women</th>
</tr>
</thead>
<tbody>
<tr>
<td>Practicum, internship, field experience,...</td>
<td>76%</td>
<td>83%</td>
</tr>
<tr>
<td>Community service or volunteer work</td>
<td>47%</td>
<td>64%</td>
</tr>
<tr>
<td>Participation in a learning community...</td>
<td>41%</td>
<td>49%</td>
</tr>
<tr>
<td>Work on a research project with a faculty member...</td>
<td>54%</td>
<td>51%</td>
</tr>
<tr>
<td>Study abroad</td>
<td>45%</td>
<td>47%</td>
</tr>
<tr>
<td>Culminating senior experience</td>
<td><strong>81%</strong></td>
<td><strong>83%</strong></td>
</tr>
</tbody>
</table>

Inclusive Excellence

The active, intentional, and ongoing engagement with diversity—in the curriculum, in the co-curriculum, and in communities (intellectual, social, cultural, geographical) with which individuals might connect—in ways that increase awareness, content knowledge, cognitive sophistication, and empathic understanding of the complex ways individuals interact within systems and institutions

-Inclusive Learning

<table>
<thead>
<tr>
<th>% responding “Quite a bit” or “Very much”</th>
<th>Men</th>
<th>Women</th>
</tr>
</thead>
<tbody>
<tr>
<td>You try to learn about student characteristics in order to improve class instruction</td>
<td>65%</td>
<td>80%</td>
</tr>
<tr>
<td>You vary your teaching methods to allow for the multiple ways students learn</td>
<td>69%</td>
<td>84%</td>
</tr>
<tr>
<td>The classroom atmosphere encourages the active participation of all students</td>
<td>95%</td>
<td>97%</td>
</tr>
<tr>
<td>Students feel empowered in their learning</td>
<td>82%</td>
<td>93%</td>
</tr>
<tr>
<td>You evaluate student learning using multiple techniques</td>
<td>70%</td>
<td>82%</td>
</tr>
<tr>
<td>You adjust aspects of the course (e.g., pace, content, or assignments) based on student learning needs</td>
<td><strong>70%</strong></td>
<td><strong>79%</strong></td>
</tr>
</tbody>
</table>

Diversity Inclusivity

- The amount any element of a course includes diversity can vary from not at all to extensively
- Course elements include purpose/goals, content, instructor(s), learners, pedagogy, assessment/evaluation
- 2 diversity inclusivity scales on FSSE 2007
  - Diverse grounding
  - Inclusive learning
Integrative Learning

- An Essential Learning Outcome
- Integrative Learning includes
  - Synthesis and advanced accomplishment across general and specialized studies

FSSE and Integrative Learning

- Measure of Emphasis on IL (5 items)
  - Faculty asked for the importance, frequency, or % of students
    - Work on a paper or project that requires integrating ideas or information from various sources
    - Put together ideas or concepts from different courses when completing assignments or during class discussions
    - Discuss ideas or readings from class with others outside of class (other students, family members, co-workers, etc.)
    - Have class discussions or writing assignments that include diverse perspectives (different races, religions, genders, political beliefs, etc.)
    - At least once, discuss ideas from your readings or classes with you outside of class

Personal & Social Responsibility

- PSR an Essential Learning Outcome
- PSR includes
  - Civic knowledge and engagement—local and global
  - Intercultural knowledge and competence
  - Ethical reasoning and action
  - Foundations and skills for lifelong learning

FSSE and PSR

- Measure of Emphasis on PSR (4 items)
  - To what extent do you structure your selected course section so that students learn and develop in the following areas
    - Understanding themselves
    - Understanding people of other racial and ethnic backgrounds
    - Developing a personal code of values and ethics
    - Developing a deepened sense of spirituality

Faculty Responding “Important” or “Very important”

- African American/Black: 65%
- Hispanic/Latina: 63%
- Other Race: 62%
- Asian/Pacific Islander: 61%
- White: 56%

Put together ideas or concepts from different courses when completing assignments or during class discussions

Faculty Responding “Important” or “Very important”

- African American/Black: 61%
- Hispanic/Latina: 58%
- Other Race: 37%
- Asian/Pacific Islander: 41%
- White: 63%

Understanding people of other racial and ethnic backgrounds

Developing a personal code of values and ethics
But really, is it that bad?

Data and Sample
- Instrument = FSSE
- Data
  - 2008-2012 administrations
  - Institutions’ most recent year of participation
  - Course-based format
- Sample
  - 310 institutions
  - 42,000 faculty

Faculty Characteristics
- 48% female
- 40% 55 or older
- 7% international
- Race
  - 6% African American
  - 5% Asian
  - 3% Latino
  - 3% Other
  - 73% White
- 68% earned doctorate
- 47% with 15+ years teaching experience
- Rank
  - 11% PT Lecturer
  - 12% FT Lecturer
  - 26% Assistant Professor
  - 25% Associate Professor
  - 26% Full Professor

Courses & Institutions
- 32% STEM field
  - 26% Arts & Humanities
  - 5% Biological Sciences
  - 10% Business
  - 8% Education
  - 11% Physical Sciences
  - 9% Professional
  - 14% Social Sciences
  - 12% Other
- 39% lower division
- 50% meet general ed requirement
- 41% Private control
  - 26% Doc RU-VH/H
  - 8% Doc DRU
  - 26% Masters-L
  - 15% Masters-M,S
  - 6% Bac-AS
  - 10% Bac-Diverse
  - 10% Other

Measures
- CS: Campus Support
- FSI: Faculty-Student Interaction
- EIS: Emphasis on Intellectual Skills
- EPS: Emphasis on Practical Skills
- EPSR: Emphasis on Personal & Social Responsibility
- EDAL: Emphasis on Deep Approaches to Learning
- ACP: Active Classroom Practice
- VHIP: Value of High-Impact Practices
### Equitable?

- Good educational practices not evenly distributed by gender and race
- Those who are more likely to use good practice (women, faculty of color) are more likely to get paid less
- No indications that we are heading toward greater equity

### Where Does This Leave Us?

- Scale Means by Race/Ethnicity
- Emphasis on Personal & Social Responsibility by Race & Gender
What Should an Institution Do?

• To improve undergraduate education
• Use hiring?
• Rely on faculty development?

Hiring Issues/Inequities

• Hire to improve undergraduate education
  • Problem with pay equity
  • Possible problems with institutional culture and societal issues
• Faculty Development
  • Guess who’s most likely to participate?

Discussion
